```javascript
@Effect() findMovies$ = this.actions$
  .pipe(
    ofType('SEARCH_MOVIES'),
    switchMap(action => {
      return this.moviesService.findMovies(action.searchTerm)
        .pipe(
          map(movies => {
            return {
              type: 'MOVIES_LOADED_SUCCESS',
              movies,
            };
          })
        )
    }),
  );
```
